HEALTHY FOOD APPS

EPIC WAY TO WELLNESS

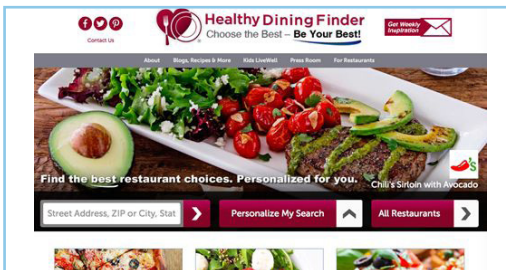

TECHNOLOGY, TRAVEL, AND HEALTHY CHOICES

Fooducate

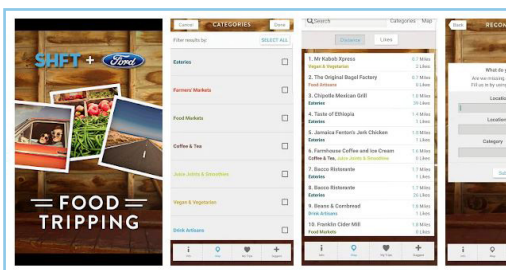

This app provides consumers with an intuitive tool that allows them to match healthy restaurant dishes to their specified health preferences, from low-carb to gluten-free needs. This app also provides healthy meal modifications.

Healthy Dining Finder

healthydiningfinder.com

Restaurants' qualifying, dietician-reviewed menu items are featured here and consumers can search for restaurants alphabetically and geographically.

Food Tripping

This app helps users find fast food alternatives while traveling virtually anywhere in the U.S. Some options include healthy food markets, farmers' markets, juice joints, artisan microbreweries, and organic coffee shops.
